

Barbaresco, Gaja, 2016

Iseloomustus

Gaja Barbaresco on kombinatsioon neljateistkümnest Nebbiolo viinamarjaaiast Barbarescos. Vein on kokku laagerdunud 24 kuud erineva suurusega tammest vaatides. Selges aroomis on tunda metsmarju, ploomi, lagritsat, mineraalseid noote ja kohvi. Gaja Barbaresco on tuntud oma tihke struktuuri, täidluse ja komplekse, siidiste tanniinidega järelmaitse poolest. Veinil on suur säilitamispotentsiaal. |

Auhinnad

Robert Parker's Wine Advocate - 96 Points I tasted this wine over two sittings, one at the winery and one at my home office a few weeks later. Although I can't claim any extraordinary differences between the two sessions, I noticed a few minimal shifts that are essential to understanding the wine's future aging ability. The 2016 Barbaresco starts off slow at first, showing a small margin of aromatic evolution in the glass. But come back two hours later, and you can almost hear the soft sounds of the symphony playing just below the surface. The 2016 vintage is characterized by the solid intensity and firmness of its aromas, which transcend fruit and veer toward balsamic herb, licorice, tar and smoke instead. The tannins offer a moment of sweetness and softness, before you are aware of their undeniable firmness. In all, there is a certain glossiness or satiny quality to the mouthfeel that underlines the wine's carefully crafted integration. I would describe this as a classic and also a somewhat austere Barbaresco that fully deserves extra cellar time to stretch those tight muscles and grow in volume. This wine will award those who wait. | **James Suckling - 96 Points** This is all about finesse with power. Such great length here with ever so refined tannins and precise strawberry, cedar, dried-rose and mineral character. Medium body. Fresh and vivid finish. Hard not to drink now, but wait until at least 2021. |
